6. Future field trips

### **Minutes:**

Susie opened the meeting discussing with the group how the monies were being used and helping our school. Next we talked about the field trip the school took to Bend. We visited the High Desert Museum where we were involved in not only a tour but science lessons involving plants, animals, and human interaction. After visiting the museum we went to the Barnes & Noble Bookstore where each student was allowed to purchase one book for the library. Everyone enjoyed the bookstore! The conversation shifted to the sealant and "Tooth Taxi" dental programs. Buell will put together a letter to parents to help clarify the two different programs. A proposed calendar was discussed and all agreed it looked fine. On the subject of future field trips the following were suggested venues: trip to Astoria and the coast; trip to Baker City and the Oregon Trail Interpretive Center; and a trip to San Francisco and visit Alcatraz Island.

Meeting adjourned at 4:25 pm.
