District Purchasing

The function of district purchasing is to serve the educational program by providing the necessary supplies, equipment and services. Items commonly used in the various schools and their subdivisions will be standardized whenever consistent with educational goals and in the interest of efficiency or economy.

The deputy clerk is appointed by the Board to serve as purchasing agent. He/She will be responsible for developing and administering the district's purchasing program.

No obligation may be incurred by any officer or employee of the Board unless that expenditure has been authorized in the budget or by Board action and/or Board policy. In all cases calling for the expenditure of district money, except payrolls, a requisition and purchase order system must be used.

The superintendent or designee is authorized to enter into and approve payment on contracts obligating district funds not to exceed \$150,000 for products, materials, supplies, capital outlay and services that are within current budget appropriations. The Board shall approve all contracts that are collective bargaining agreements or service contracts that include the provision of labor performed by district employees, such as custodial, food service and transportation services.

The deputy clerk will review bills due and payable for the purchase of supplies and services to determine if they are within budget amounts. After appropriate administrative review, the deputy clerk will direct payment of the just claims against the district. The superintendent and deputy clerk are responsible for the accuracy of all bills and vouchers.

No Board member, officer, employee or agent of this district shall use their official position to obtain financial loss or gain for themselves or any member of their household in any contract entered into by the Board, including acceptance of any gratuities, financial or otherwise, from any supplier of materials or services.
